pathizers is Followed by

TROOPS RUSHED TO THE SCENE

At 3 O'clock This Morning
Fire Was Still Raging,
Having Then Caused Loss
Estimated at from \$800,
000 to \$1,000,000

[Republican A. P. Leased Wire]
YOUNGSTOWN, O., Jan. 8.—
Four men were killed, 19 other
persons, including a woman,
shot, and fifteen city blocks de-
stroyed by fire as a result of
rioting growing out of the steel
mill strike here last night, fol-
lowing a battle between a crowd
of strike sympathizers and armed
guards at the plant of the
Youngstown Sheet and Tube
Company.

Rioters stole 500 pounds of dy-
namite and have dynamited sev-
eral houses it is reported.
The bridge from East Youngs-
town to Struthers was burned to
prevent rioters from entering the
town. Two companies of the
United States regulars from Col-
umbus are reported to have been
ordered to East Youngstown be-
cause of the looting and burning
of the postoffice.

At three o'clock this morning
the fire was still raging, having
caused a loss estimated at from
\$800,000 to \$1,000,000. Troops of
the state national guard were
gathering outside the city but will
not be brought in until daylight.
Pending their arrival armed citi-
zens patrolled the strike zone.

Rioters who for hours had held
the city in a reign of terror, looting
stores and the postoffice and
setting fire to many buildings,
began to quit the streets after
rumors of the arrival of the troops
spread. Citizens, however, fear a
new outbreak at daylight, as it is
known that some of the rioters
have obtained a supply of dynamite.

At 10 o'clock a wild mob was
surging through the streets and
battling with the fire department
who were attempting to check the
flames that already had caused a
loss estimated at \$300,000.

Several companies of the state
national guardmen were being
rushed from nearby cities, the au-
thorities having telegraphed Gov-
ernor Willis that they were power-
less to control the rioters.

The trouble started early in the
evening when the day shift at the
mill in East Youngstown, a suburb,
quit work. A mob of more than 6,000
men and women formed at the en-
trance of the plant and looted and
jostled the men, many of whom were
said to be strike breakers. A number
of the workers were stoned and
beaten.

The private police force of the mill
was lined up on a bridge across the
river leading to the main works of
the plant. Some one in the crowd
threw a rock which struck one of
the mill guards.

Immediately several of the guards

THREE REGIMENTS TO HANDLE THE SITUATION

[Republican A. P. Leased Wire]
COLUMBUS, O., Jan. 7.—Two regi-
ments of the Ohio National Guard,
comprising more than fifteen hundred
men, were on their way tonight to
Youngstown to assist local authorities
in quelling rioting which broke out
later today in connection with the
strike of steel workers in that city.

Another regiment—the Fourth—is un-
der orders to proceed to Youngs-
town, as soon as mobilized.
Before daylight tomorrow it was
expected that 2,500 guardsmen would
be in Youngstown ready for duty.

At midnight Col. Barker of the
Fourth regiment received orders from
Governor Willis to proceed to Youngs-
town with his troops as soon as his
mobilization was completed.

The action of Governor Willis in
ordering the troops was taken after
receipt by the governor of a tele-
gram from Sheriff Unstead of Ma-
honing county in which the sheriff
stated that he had exhausted the
means at his command in an effort
to preserve order and that the sit-
uation was beyond the control of lo-
cal authorities.

Other Troops in Readiness

YOUNGSTOWN, Ohio, Jan. 7.—

Troops in Cleveland, Alliance, Akron,

Bucyrus and this city were held in

readiness tonight to take charge of the

steel mill strike situation here.

Rioting broke out in the city in which

two men, John Baker and Stephen

Gardner, were injured so seriously

they were taken to a hospital led to

the request being made by Governor

Willis that Ohio national guard regi-

ments in Youngstown and nearby cities

be held in readiness for trouble.

Announcements by the Republic

Steel and Iron Company, the Youngs-

town Sheet and Tube Company, the

Prior Hill Steel Company and the

Youngstown Iron and Steel Company

that they would grant a wage increase

from 12 1/2 cents to 22 cents per

hour failed to bring peace. The 2,500

laborers on strike demand 25 cents per

hour.

Sheriff J. C. Unstead's telegraphic

request to Governor Willis for troops

read as follows:

"Please send National Guard to vil-

lage of East Youngstown at once.

Lives are being taken and many por-

tions of East Youngstown are being

burned. We are helpless to cope

with the situation."

East Youngstown is a suburb of

Youngstown, located in the city's fac-

tory district.

CHARGE WAS NOT SUSTAINED

[Republican A. P. Leased Wire]
LOS ANGELES, Jan. 7.—James Mc-
Nulty, an attendant at the Los An-
geles County Hospital, arrested re-
cently on an information charging
him with manslaughter, jointly with
his fellow employees, Robert Smith
and Robert Clark in connection with
the death of Edward Furrer, an insane
patient, at the state hospital at Pat-
terson, California, was exonerated and
released today at the preliminary
hearing of the three men.

It was testified at the coroner's
inquest that Furrer had been beaten
by attendants in the institution here
for refusing to eat. De A. P. Wil-
kinson of this city testified that he
made an examination of Furrer after
the latter had been removed from the
hospital here and before being taken
to the state institution, and that he
found him unharmed.

The charges against Robert Smith,
and Robert Clark were continued
until next Monday, when their pre-
liminary hearing will be resumed in
a justice court.

GERMANY PROMISES TO PAY INDEMNITIES AND REGULATE TORPEDOING

Communications Reaching
United States Indicate
America and Germany
Near Agreement on Con-
duct of Submarine War

[Republican A. P. Leased Wire]
WASHINGTON, Jan. 7.—Two com-
munications from Germany reached the
United States today—one containing
a proposal to pay an indemnity for the
Americans lost in the Lusitania disas-
ter, which may bring negotiations
that subject to a conclusion, and
the other conveying assurances that
German submarine commanders oper-
ating in the Mediterranean would not
torpedo non-combatant ships of any
character without warning them and
according safety to their passengers
and crews.

The communications were delivered
to Secretary Lansing by Count von
Bernstorff, the German ambassador.
The secretary immediately sent them
to President Wilson.

Official Washington tonight con-
sidered that American and Germany
at last were near a final agreement
on the conduct of submarine warfare.
Officials made no attempt to con-
ceal their gratification at the attitude
Germany had apparently assumed. It
was considered to be virtually in
harmony with the American viewpoint.
Tension regarding the entire sub-
marine question seemed to have less-
ened considerably. Austria in its
reply to the last American note, having
assured the United States of its in-
tentions to operate submarines with
due regard for international law and
the principles of humanity. Turkey
and Bulgaria, it is understood, next
will take steps to give such guar-
antees. It is stated authoritatively
that Germany and Austria-Hungary
will use their influence to accompa-
ny this.

The Lusitania controversy except
for the wording of the agreement to
be entered into, is considered in To-
ronto circles here virtually ended.

Under the terms of the proposal
submitted for the approval of the
United States, Germany, while offer-
ing to pay an indemnity, makes the
reservation that no admission of
wrong doing is involved. It is con-
tended that the Lusitania was sunk
as an act of reprisal for the British
blockade of Germany.

While Secretary Lansing is un-
derstood to have indicated to Count
Bernstorff whether the proposal
submitted for the approval of the
United States is to be familiar with
in a position to be familiar with the
American attitude indicated that it
would be accepted.

The assurances regarding the con-
duct of submarine warfare in the
Mediterranean obviously promoted by
the sinking of the British steamship
Persia with a loss of two American
lives, are much broader in their
scope than the promises made after
the Lusitania disaster covering the
operations of submarines in the
North Sea and adjacent waters. The
latter guaranteed only that "innocent
ships" should be immune from attack
without warning.

BRITISH SUBMARINE IN MARMORA SEA

ATHENS, Jan. 7. (Via London)
Reports received from Constanti-
nople by a local newspaper de-
clare that a British submarine
made its way from the sea of
Marmora into the Golden Horn
and attacked an arsenal on the
Pera side, causing much damage
and a panic among the inhabi-
tants. The Patria reports a fierce
two days' engagement between the
British and the Bulgarians,
which resulted in the defeat of
the Bulgarians.

RUSSIANS ARE FIGHTING HARD AT CZERNOWITZ

[Republican A. P. Leased Wire]
LONDON, Jan. 7.—Some idea of the
determined nature of the Russian blow
on the Bessarabia front is conveyed
by Petrograd dispatches today which
state that the Russians for fifty hours
concentrated 400 guns on the Aus-
trian positions at Czernowitz as a
preparation for infantry attack. The
Russian communications do not yet
claim that Czernowitz has fallen, but
dispatches from German sources ad-
mit the Teutonic position there is
critical.

It is not yet clear whether the Rus-
sian operations in this theater herald
a big general offensive movement of
all the Russian armies from the Baltic
to the Romanian border or merely a
diversion of unparalleled magnitude and
ferocity, designed to weaken the
pressure of the central powers in the
Balkans and incidentally on the Italian
front. The fighting has been of the
most bitter character, according to
both
